

Name: _____

#1

Reading around a Document

	Observations (Clues from the document)	Inferences (What you conclude)
Author: Report everything you can about the <i>author</i> of the document.		
Audience: Report everything you can about the intended <i>audience</i> for the document.		
Context: Report everything you can about <i>where</i> and <i>when</i> the document was created.		
Type of document: Report on the kind of document it is (diary? personal letter? legal document?).		
Purpose: Report everything you can about the likely reason for creating the document.
